Hey, Garden Girls! Thank you for downloading this printable pack!

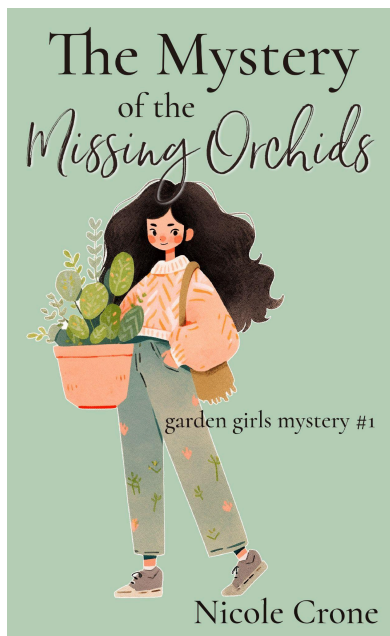

I hope you enjoy it. They are inspired by the Garden Girls Series, and their love for plants and the environment.

Who are the Garden Girls, you might ask?

Claire, Faith, and Hannah Stone are 12-year-old triplets who live with their family at a native plant nursery in the Appalachian mountains. Join them as they solve mysteries and go on adventures in The Garden Girls series.

This series is filled with surprises, excitement, and an unbreakable family bond.

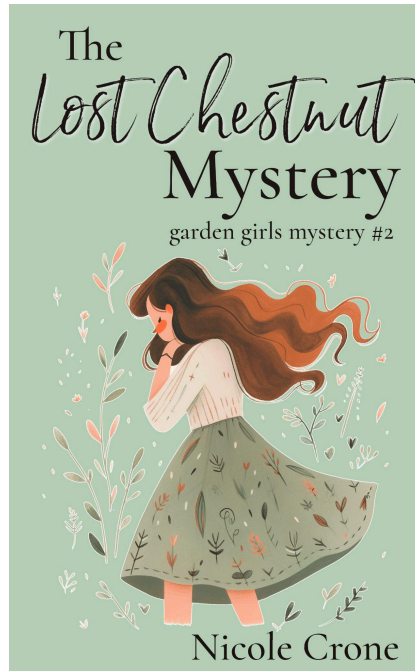

Garden Girls Mysteries are written for children approximately 8-12 years of age.

[Book #1 - The Mystery of the Missing Orchids](#)

Dear Diary: I couldn't believe my good luck when Mom told me she'd been asked to solve a mystery, and the rest of the family could tag along, too. Pink lady slippers have been disappearing from the Great Smoky Mountains National Park, and it looks like a thief is to blame! Spring break is about to get a lot more exciting!

Join Claire and her family as they try to solve [The Mystery of the Missing Orchids](#) in the Great Smoky Mountains National Park, and encounter more than a few surprises!

[Book #2 - The Lost Chestnut Mystery](#)

Dear Diary: Mom and I have worked super hard to grow American Chestnut trees for a community project, and they keep disappearing from our greenhouse! I smell a thief...and I plan to get to the bottom of this, if it's the last thing I do.

Join Faith and her family as they try to solve [The Lost Chestnut Mystery](#), and encounter more than a few surprises!

This book is written from Faith's perspective.
